LEWIS AND CLARK EXPOSITION NOTES.

The Lewis and Clark Exposition, Portland, Ore., 1905.

The manufacture of gold pens will form one of the many interesting working displays at the Lewis and Clark Exposition.

A gold reduction plant in operation will be one of the interesting and instructive displays in the Mines and Metallurgy Building at the Lewis and Clark Exposition.

One of the largest meteorites ever discovered will be exhibited at the Lewis and Clark Exposition. The meteor was recently found in Nez Perce county, Idaho. It weighs 152 pounds.

California's building at the Lewis and Clark Exposition will be in the form of a maltese cross, each wing representing an old Spanish mission. California has appropriated \$50,000 for the erection of the building and the collection of a display.

Fraternal societies of the United States have organized for the purpose of erecting a Temple of Fraternity at the Lewis and Clark Exposition. Over \$20,000 has been pledged toward the project, and the erection of a beautiful and appropriate structure is assured.

Western school teachers have adopted a novel method of advertising the Lewis and Clark Exposition. They give their children as an exercise the task of writing a letter to some relative or friend in the East, extending an invitation to attend the Exposition. School children of Moscow, Idaho, recently wrote 1100 such letters.

Ground has been broken for the Washington State building for the Lewis and Clark Exposition and work on the structure begun. The building will typify the timber wealth of the Evergreen State. The Washington legislature recently appropriated \$75,000 for erecting the building and collecting and installing a comprehensive display of the resources of the State.

An excursion that will doubtless attract great interest is one planned by F. R. Drew of New York City. Mr. Drew will conduct a train of prairie schooners from Portland, Maine, to Portland, Oregon, the latter part of the journey being along the trail followed by Lewis and Clark a century ago. The travelers expect to reach Portland in October, in time to attend the Lewis and Clark Exposition.

A DINNER INVITATION.

After a hearty meal a dose of Kodol Dyspepsia Cure will prevent an attack of indigestion. Kodol is a thorough digestant and a guaranteed cure for indigestion, dyspepsia, gas on the stomach, sour risings, bad breath and all stomach troubles. N. Watkins, Lesbus, Ky., says: "I can testify to the efficacy of Kodol in the cure of stomach trouble. I was afflicted with stomach trouble for fifteen years and have taken six bottles of your Kodol Dyspepsia Cure, which entirely cured me. The six bottles were worth \$1,000 to me." Kodol Dyspepsia Cure will digest any quantity of all the wholesome food you want to eat while your stomach takes a rest—recuperates and grows strong. This wonderful preparation is justly entitled to all of its many remarkable cures. Sold by Mt. Vernon Drug Co.

At the Chadwick trial in Cleveland the defense proved incorrect the claim of the Government that Mrs. Chadwick had no money in the Oberlin Bank at the time checks were drawn by her and certified by President Beckwith and Cashier Speers. It is not likely that Andrew Carnegie will be called upon to testify for the Government.

The date of President Roosevelt's departure from Washington for San Antonio, Tex., has been postponed because of uncertainty as to when the extra session of the Senate will end. In accordance with the President's request April 7 has been fixed as the date of the Rough Riders' reunion in Texas, instead of March 31.

A CHICAGO ALDERMAN OWES HIS ELECTION TO CHAMBERLAIN'S COUGH REMEDY.

"I can heartily and conscientiously recommend Chamberlain's Cough Remedy for affections of the throat and lungs," says Hon. John Shenick, 220 So. Peoria St., Chicago, Ill. "Two years ago during a political campaign, I caught cold after being overheated, which irritated my throat and I was finally compelled to stop. As I could not speak aloud. In my extremity a friend advised me to use Chamberlain's Cough Remedy. I took two doses that afternoon and could not believe my senses when I found the next morning the inflammation had largely subsided. I took several doses that day, kept on talking through the campaign, and I thank this medicine that I won my seat in the Council." This remedy is sold by Chas. C. Davis, the druggist.

LEVEL GREEN

DEAR SIGNAL:—I am upon the top side of the turf yet, numbered among the living but not very lively.

Some persons tell me that the people are growing better and that "Peace on earth and good will to men" will take up their abode with us, that the "Wolf and Lamb" will dwell in peace together, that thieves will not break thro' nor steal any more, but how is this? The widow DeBord has lost her oats from the stack and her corn from the crib; also some thief stole a sheep from Mrs. Gentry's farm, her turkey and some hens, and various other parties are losing their chickens. Does this look like we are growing rapidly better? These thieves are stealing for profit and not to chase the wolf from the door. No one is forced to steal in this goodly land of ours and under the present prosperous administration. No sir.

We think the people of Rockcastle should look into the case referred to by (Bad) Bill Newcomb in the Signal. Very likely Smith has suffered in prison sufficiently to atone for his wrong-doing, if so, why not release him?

Our farmers are pushing things with a vim unsurpassed. They are looking for the "long wet spell" which will soon put in its appearance. Much grass seed is being sown tho' clover is extremely high.

Brethren, as spring time is again with us and seed time at the door, therefore let me admonish you again to plant an increased acreage to potatoes. There are more taters in Possum Holler now than I've ever known before at raising time, yet the price is fairly good.

Some good milk cows here for sale.—Mrs. Dr. G. B. Lawrence and "aunt Liz" gave us a short but pleasant call Monday. Come again ladie for the "shut-in" loves pleasant company at all times. Those blessed with health should remember the afflicted.

Our man who wants a "thus saith the Lord" for everything he does, has been searching the Scripture for a Statute on the use of tobacco, finally found: "He that is filthy let him be filthy still," said that filled the bill and he cecwed on. Tobacco, potato (Irish), tomato and a lot more stuffs were unknown—even unheard of—by civilized men until after Columbus found America.

Din Bullock is trying to buy more lands, while Dick Tom and Harry want to sell. I wonder if these three men are brothers, or do they just live neighbors? How are Jim Hargis and Bill Taylor progressing? I understand that the jury hung in Iowa instead of hanging Taylor.

BUCK VARNON.

STRIKES HIDDEN ROCKS.

When your ship of health strikes the hidden rocks of consumption, pneumonia, etc., you are lost, if you don't get help from Dr. King's New Discovery for Consumption. J. W. McKinnon, of Taladega Springs, Ala., writes: "I had been very ill with pneumonia, under the care of two doctors, but was getting no better when I began to take Dr. King's New Discovery. The first dose gave relief, and one bottle cured me." Sure cure for sore throat, bronchitis, coughs and colds. Guaranteed at all druggists. Price 50c and \$1. Trial bottles free.

The State Capitol Commission was in session for several hours Thursday. Architect Andrews placed before the commission certain of his working drawings and specifications, and Superintendent Flenor was also present. A survey of the site has been ordered and will be made at once. At the close of the meeting the architect stated that work on the building would begin not later than June 1st next. The plans will be submitted to bidders for the construction work in a very short time.

J. THOS CHERRY,
HEADQUARTERS FOR BARGAINS.
BRODHEAD, KENTUCKY.

CITIZENS BANK OF BRODHEAD, KENTUCKY.

It is with pleasure we desire to call your attention to the Citizens Bank, of Brodhead, Ky., and state some of the advantages that are gained by being one of our depositors. The Bank began business on January 7, 1905, and its growth up to the present time has been remarkable and very satisfactory to the stockholders. We enjoy the distinction of being the only bank in this part of the State that began paying 3 per cent. on deposits, believing that when a person left as much as \$100.00 or more on deposit for six months without checking, that they should derive some of the benefits. We are equipped with the best burglar proof, screw door safe that could be made, and people have come miles to see it and pronounced it the most wonderful piece of mechanism they had ever seen. The safe is made of the best steel with a screw door one foot in diameter, and set within the door is the time movements by which the door is locked. The safe is set within a brick wall that is 23 inches thick. We also have a vault door that closes with twenty bolts and weighs 3,000 pounds. We most cordially ask you to visit the bank and examine it for yourself and see if it is not a safe depository. Remember we pay 3 per cent. on as much as \$100.00 or more when left six months.

We offer to the people a safe and conservative banking system. We ask you to give us your business, and we guarantee a pleasant and profitable relation.

Trusting to have the pleasure of meeting you personally, I am,

Yours very truly,

J. W. HUTCHESON, Cashier.

BRODHEAD.

Mr. and Mrs. J. M. Blair, of New Haven, Ky., are visiting Mr. and Mrs. C. S. Keisling.—R. W. Dallas, our barber, was in New Hope first of the week prospecting.—H. H. Hutcheson, assistant cashier of Citizens Bank, has gone to Florence, Ala. on business.—C. S. Keisling, our Lunch House man, has received official notice through Supt. Morrison that he has been appointed Chief of Police in L. & N. passenger depot in Knoxville, Tenn. We dislike very much to give up Mr. Keisling as he has been instrumental in bringing lots of business to our city.

If mud was of any commercial value Brodhead would certainly be rich.—Deputy Sheriff J. W. Tate was in Lexington last week.—cGo. Ponder contemplated taking a job braking.—The meeting at the M. E. church is still in progress doing much good and several members added to the church.—Wm. Krueger and a Will Fish, of Mt. Vernon, were in town Sunday.—Drummers were as thick as hops in town Monday and Tuesday. There being about 20 registered at the Frith Hotel.—Cranor Smith Lumber Co., expects to have their spoke factory in operation again by March 15.—John Crawford sold a pair of 4 year old mules to Dunn & Co., of Garrard county, for \$300.—Mr. J. E. Dunn and daughter, of Bryansville, were visiting Mrs. Josh Dunn.—J. C. Coulter of Middleburg, Ky., and Wm. Myers, of Houstonville, were at the Albright Hotel first of the week.—Mr. Derb Huggars of Lancaster, is here, contemplating building a drugstore.

It is said the Japanese are defeating the Russians all along the line in Manchuria.

CRAB ORCHARD

Miss Mabel McWhorter, who has been visiting homefolks, will return to school at Stanford, today.—Miss Annie Hutchinson gave some of her friends a pound party Tuesday night.—Mr. and Mrs. Forest Foley, who expect to go to house-keeping soon, gave some of their young friends a party Saturday evening.—The young people returned the kindness by giving them several useful presents, which was appreciated by the new beginners.—Master Jeb Chandler, who has been very sick, is somewhat better at this writing but not able to sit up.

Several of the young men of this town expect to attend the show at Walton's opera house Thursday night, March 23, at Stanford.—Mr. John Wentzel, merchant of Ottenheim, is very ill of pneumonia.—Mrs. Lydia Estes continues ill but it is hoped she'll be better by the time warm weather is here.—Our clever merchant, Mr. Perkins, has had grip for the last few days.—Miss Alice Green, who is teaching a select school at White's school house, visited homefolks here Saturday night.—I will try to answer Buck Varnon's questions: 1. The plural of Mrs. is Mesdames. 2. The plural of Mr. is Messrs. 3. The plural of pea is pease or peas. 4. We differ with another in our opinion, from another in taste make up, or general appearance. (if I am wrong, please give explanation). a verb ends in S when it has a noun in the singular number for its subject. Don't is a contraction of does not and can be used with either singular or plural subject. Doesn't is a contraction of does not and can be used only with singular subjects. Disremember, is not a

correct word, Dis means to cut, or sever. Sit, is an intransitive verb and set is transitive. We set a chair down, then sit down in it. Raise, is transitive, rise, intransitive. We raise the chair up, but rise up from the chair, the same way with lie and lay. We lie down on our beds, we lay the book on the table.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY

The great success of this preparation in the relief and cure of bowel complaints has brought it to almost universal use. It never fails, and when reduced with water and sweetened is pleasant to take. It is equally valuable for children and adults. For sale at Chas. C. Davis' drugstore.

The South and North Alabama railroad instituted legal proceedings at Birmingham against the Louisville and Nashville Company for a complete accounting of all transactions between the two companies for a period of more than thirty years. The South and North Alabama railroad built that part of the main line of the Louisville and Nashville system extending from Decatur, Ala., to Montgomery.

FOR MAGISTRATE

We are authorized to announce
CRAVILL LEECE
as a candidate for Magistrate in the Fifth
district composed of Browns and Brodhead
voting precincts, subject to the action of the
Democrats of that district.

Mrs. JEFFERSON DAVIS, writing
to the Savannah Press, says of Gen.
Miles for his brutal treatment to
her husband:

"Whilst I have no recollection
of having written to Gen. Miles,
the letter which he quotes not only
fails to support his previous state-
ment in the slightest particular, but
as its date shows, must have been
written from the prison ship in
Hampton Roads and when, of ne-
cessity, I was ignorant of what
was being done with Mr. Davis,
who had then been only four days
in the custody of Gen. Miles. If
the letter was written, subsequent
events have revealed the fact that
at that moment, when an agonized
wife was thanking him for his ap-
parent courtesy in answering an-
xious inquiries in regard to her im-
prisoned husband, and commending
him to the kind care of his cus-
todian, this man, by his own
showing, was contemplating the
immediate subjection of his helpless
prisoner to the grossest maltreat-
ment. If the letter be as Gen.
Miles quotes it, it only serves to
put in a clearer light, if possible,
his continued infraction of the
most obvious rules of veracity."
After reading the letter, Gen.
Miles in his peculiarly pompous
manner said: 'I will not reply to
any insolent letter of that kind.'"

POLITICS AND POLITICIANS

Gov. Hanley announced that he
would appoint to office only total
abstainers.

President Roosevelt will be the
guest of the city of Louisville on
March 28, arriving at 9 o'clock in
the morning and probably remain-
ing all day. Extensive prepara-
tions for entertaining him will be
made.

H. S. McCutchen, of Russellville
who was appointed to succeed J.
M. Richardson, of Glasgow, as
State Prison Commissioner, pre-
sented his commission and sat with
the body. Two pardons were grant-
ed Tuesday.

President Roosevelt Tuesday sent
to the Senate the nomination of
the negro, Charles W. Anderson, to
be Collector of Internal Revenue
for the Second district of New York.
The New York Senators have
agreed to the appointment and will
not oppose confirmation. The
nomination was hurried along, it
is asserted, because of the report
that vigorous protests were coming
from New York.

George B. Cortelyou Tuesday
took the oath of office as Postmas-
ter General. Upon assuming the
office he announced that in a few
days, as soon as he can arrange
some minor details, he will retire
from the chairmanship of the Re-
publican National Committee. He
will be succeeded by Vice-chair-
man Harry S. New, of Indianapolis
who will become the acting chair-
man of the committee.

Congress has allowed Hunter,
Edwards and White each two thou-
sand dollars for election purposes
in the row over the seat from the
Eleventh district. This, added to
the ten thousand dollars which
Hunter will draw as salary, makes
sixteen thousand dollars paid for
the district to be misrepresented in
that body. It would have been
both cheaper and better to have
kept them all at home and elected
Stone the Democrat.

In an interview by telephone on
February 26th, Gov. Beckham de-
nied a report that Judge James
Hargis had called on him and so-
licit his support in his trouble in-
cident to indictments in Fayette
and Breathitt counties charging
him and his brother, Senator El-
bert Hargis and Sheriff Ed Calla-
han of Breathitt, with procuring
the assassination of town marshal
Cockrell, of Jackson. Gov. Beck-
ham said that he had not been vi-
sited or besought by Judge Hargis
or any one representing him, and
denied that he had asked Judge
Hargis to resign from the Demo-
cratic State Central Committee.
He said that he sustained no re-
lation to the defendants or the case
and would avoid connection in any
way with these cases or any affairs
not concerning him. Judge Hargis
denied the report that he had ap-
pealed to the Governor for support.

Secretary of the Treasury Shaw
will retire from Cabinet Feb. 1906.

[By our Associate Editor.]

THE State of Illinois has hit up-
on one way of solving the divorce
question. It proposes to prohibit
the payment of alimony.

CONGRESS spent money at the
rate of ninety million dollars an
hour on March Fourth. This feat
even Mr. Carnegie's library record.

Mr. Cortelyou having successful-
ly managed a political campaign
will now take up the serious work
of managing the Postoffice Depart-
ment.

Was the verdict in favor of Judge
Swayne made in justice or in fear
that widows in certain glass houses
occupied by Senators might get
broken?

When the President was receiv-
ing the plaudits of some two hun-
dred thousand people gathered in
Washington Saturday was he re-
ally sighing for the "simple life?"

THE Senate does not believe that
Judge Swayne was guilty, but the
House has amended his fee bill so
as to remove any temptation that
might assail him.

Will the house take advantage
of the precedent established by the
Senate that it vote itself mileage
without consulting the upper
house or the president?

The President's inaugural ad-
dress made it pretty clear that we
want a big navy, not "to bully
smaller powers," as Senator Hale
says, but to keep from being bul-
lied by larger powers.

General Stoessel, the reports an-
nounce, was not met by any bands
on his return to St. Petersburg.
Probably the more important part
to the General is that he was not
met by any bombs.

Senator Kearn's swan song in the
Senate against Mormonism re-
calls Byron's words:
"Tis said swans sing before they
die."
Twere better far should some men
die before they sing.

THE House presented Speaker
Cannon with a large silver loving
cup at the close of the session. Un-
cle Joe accepted it but he doubtless
would have preferred a tin dipper
or a gourd.

A recent consular report states
that the towel and soap have pen-
etrated to China. If all the laundry-
men have not left the mother coun-
try to come to "us great things in
the way of cleanliness may come to
pass in the Celestial Empire.

Governor Pennypacker rode in
the inaugural parade and seemed
to enjoy every thing but the cam-
eras of the amateur photographers
along the way. He well knows
there is more than one way of pro-
ducing caricatures.

Has the country before had a
President who could welcome with
equal enthusiasm a crowd of cow-
boys and a Harvard College club?
Roosevelt may be a Republican,
but he is the most Democratic Pres-
ident we have ever had.

The X-ray has been used to
demonstrate that a crook in a prize
bull pup's tail had been the result
of nature and not of tampering with
the judges' believed. Thus are
great scientific discoveries turned
to the benefit of mankind.

Pennsylvania militiamen pre-
served the unenviable records they
have held for the past three or four
mauragations. For that number
of times practically the only trouble
given to the Washington police
has been that caused by the mem-
bers of the Pennsylvania Guard.

Because "Roosevelt luck" ex-
tended even to the weather for his
inauguration is no reason why Con-
gress should decide to postpone the
maurag ceremonies to April
thirteenth. There are too many
olds against the climate on the
Fourth of March.

Cuba which became one huge
sign board for the advertisement of
milk and patent medicines as soon
as the American invasion took
place, has retaliated now by a bill
to make the use of patent medi-
cine a crime. This country is go-
ing to have a "dope evil" of its
own if the patent medicine business
is not checked by legislation.

HALL'S VEGETABLE SICILIAN Hair Renewer

Always restores color to gray hair, all the dark, rich color it used
to have. The hair stops falling, grows long and heavy, and all
dandruff disappears. An elegant dressing.

There is only one cloud on Pres-
ident Roosevelt's horizon. The
Senate is still in session.

District Attorney Jerome, of New
York seems to have adopted the
working theory of Roosevelt that
candor next to honesty is the best
policy. At the same time he makes
the announcement that the pick-
pockets work a system of dividing
profits with the detective force he
also states that he will be a can-
didate for office again. His election
is a foregone conclusion.

When the people broke through
the police and military lines and
rushed mob-like on the stand from
which the President was to deliver
his inaugural address Roosevelt re-
mained standing with perfect com-
posure until order had been estab-
lished and then he addressed part
of his speech directly to them. The
inclination of most men would
have been to crawl under the
benches.

Wednesday's developments at

On the question of the adoption of

The report of State Inspector

been irregular, in point of time, in
failing in numerous instances to

amount of delinquent State taxes
and failed to make report. Accom-

ties.

Every Two Minutes

Physicians tell us that all
the blood in a healthy
human body passes through
the heart once in every two
minutes. If this action be-
comes irregular the whole
body suffers. Poor health
follows poor blood; Scott's
Emulsion makes the blood
pure. One reason why

SCOTT'S EMULSION

is such a great aid is because
it passes so quickly into
the blood. It is partly di-
gested before it enters the
stomach; a double advan-
tage in this. Less work
for the stomach; quicker
and more direct benefits.
To get the greatest amount
of good with the least pos-
sible effort is the desire of
everyone in poor health.
Scott's Emulsion does just
that. A change for the

The Slavery of Sin

Sunday School Lesson for Mar. 12, 1905
Specially Prepared for This Paper.

LESSON TEXT—John 8:31-40; Memory
verses, 31, 32. Read also John 8:12-25.
GOLDEN TEXT—"Whosoever commit-
teth sin is the servant of sin."—John 8:34.
TIME—The Feast of Tabernacles, the
last occasion as yet.
PLACE—Jerusalem, in the Temple.
NOTE FOR THE TEACHER—"The
teacher must aim to make the lesson so
interesting that the scholars will wish to
be present every time he leads the class.
Pupils are fond of a teacher who stimulates
thought. Let us be on guard against
preaching. By preaching, I mean telling
pupils what they ought to do, trying to
force it forth in proper attire. Let us teach.
The application may be made if the
truth be attractively presented. Often the
application will be made by the pupils
themselves, even before you finish teaching.
If you preach, it is possible to teach so
that teaching preaches. This is the ideal
way to preach. After all, then, we recom-
mend preaching, but it is the preaching of
the true teacher—to teach properly is to
preach effectively."—Prof. W. W. White.

Not all of them accepted Jesus as their
Savior and Friend, but merely be-
lieved that His claims were well found-
ed, and tried to reconcile what He said
with their own ideas about an earthly
kingdom. "Continue in my word." Try
to understand what I tell you, and let
our life be guided by My teach-
ings and example. "My disciples." A
disciple is a learner. The most clear
evidence to one's self and others that
one is truly a disciple of Jesus, is given
by loving all men (John 13:35).

V. 32. "The truth." Jesus is the
truth. As we continue His disciples
we shall more and more see things as
He sees them—as they really are and
their right relations to one another.
Truth shall make you free. When in
ignorance or doubt we are under bond-
age, but when we know the truth we
are freed from anxiety, from uncer-
tainty, from the desire to do wrong.

V. 33. "They answered Him." Their
answer shows that they entirely mis-
understood the spiritual meaning of
His words. "Abraham's seed." De-
scendants of Abraham. "Ye never in
covenant." Jews were very proud, and
pride is a peculiarly blinding sin.

V. 34. "Whosoever committeth sin is
the servant of sin." Every one who
is living a life of sin is the bond-slave
of Satan. Each separate sin is like a
chain binding him to a sinful life. Bad
habits prevent him from doing what he
wishes to be right and doing good things.
No demon of evil binds, with-
out stronger or more galling chains than
does the demon of strong drink. The
truth and is the most abject slave.

V. 35. "The bond-servant abideth not."
(Rev. Ver.) No servant has the claim
on the master's home or property
that a son has upon what belongs to
his father.

V. 36. "The Son." Jesus. "Shall
make you free." As the Son of God
He has power to release from servitude
and make us His own "friends" (John
15:15) and children of God.

V. 37. "I know ye are Abraham's
seed." Jesus confirms their statement
that, according to the flesh, they an-
cestral of Abraham, but goes on to
show that in a spiritual sense they
are strangers to their great ancestor
hence do not belong to the kingdom of
God, which is spiritual.

V. 38. "I speak . . . with My
Father." From eternity, Jesus, the Son
had been with the Father, and hence
had brought to earth true reports of
Heaven and heavenly things. "Ye do
hear from your father." Will-
ingly, or unwillingly, every son, to
some degree, repeats the characteristic
of his father. Jesus proved himself
Son of God by being Godlike in every
particular. Israelites proved by their
devilish purposes and deeds that they
were animated by the spirit of the evil
one (see v. 44).

V. 39. "They answered." Jesus' hearers either cannot, or will not, un-
derstand, but go back to their old cry,
"Abraham is our father." Perhaps
some to-day are making the same sad
mistake, and because they have godly
parents or are acquainted members of
a good church, fancy that they are
Christians, though their lives are un-
godly and their hearts are strangers to
God. "If . . . ye would do." If
you were in spirit like Abraham, your
lives would show it.

V. 40. "Now ye seek to kill me." You, as a race, are doing directly con-
trary to what Abraham would do were
he here. Abraham would have wel-
comed even a man who brought him
a message from God, but these who
claimed descent from Abraham were
determined to kill God's own Son. At
a later day, Jesus taught this by parable,
and the chief priests and Pharisees un-
derstood it, yet not even then did they
turn from their evil purpose (Matt. 21:
23-40).

Practical Points.
V. 31. If one's belief in Christ does
not lead him to a righteous life, it is
not a saving faith. "Thou believest
there is a God; thou doest well; but
but faith without works is dead."—Jas.
2:19, 20.

V. 34. Unless Christ now dwells with
us, we cannot dwell with Him here-
after. "Father, I will that they also
who Thon hast given me be with me
where I am."—John 17:24.

V. 37. None but God himself can sat-
isfy the soul which was created with
Godlike appetites. "God created man
in His own image."—Gen. 1:27.

HENRY BALES, Mt. Vernon, Ky.

The Lent season began Wednesday which is known as Ash Wednesday. The Richmond Register adds the following bit of history of the forty days of the Lent period, beginning with Ash Wednesday and ending with Easter Sunday:

"This historic period of forty day until Easter is observed by the Roman Catholic and Episcopal churches, to commemorate the fast of Christ in the wilderness. Tuesday, the last day before Lent is known as Shrove Tuesday, Mardi Gras or Pancake Tuesday. It was formerly kept as a fast day by those preparing for the fast and penitential offices on Ash Wednesday. The early English were shaven on that day, and in the evening ate pancakes and made merry. The Latin races still keep Mardi Gras, meaning literally "fat Tuesday," as the last day of the carnival before Lent, and the fun waxes fast and furious. New Orleans and several other cities of the United States observe the day with gorgeous ceremonies. Ash Wednesday, so called from the practice of the priests in marking the foreheads of penitents with ashes in token of their sorrow, is the first day of the Lent season of forty days exclusive of six Sundays. Easter comes at the end of forty days, and determines when Lent begins, being always the first Sunday after the fourteenth day of the calendar moon. This year Easter comes on April 23."

The log and lumber men along Rockcastle river and its tributaries are again made happy by the rise in the river. Thousands of logs valued at over one-half million will be brought down the river, if the tide is sufficient.

We announce in this issue Squire Granville Leece, as a candidate for re-election for Magistrate in the Fifth district composed of Browns and Brodhead precincts. Mr. Leece, during the time which he has served as a member of the Fiscal Court, has proven himself a man worthy in every particular, of the trust imposed upon him and his every duty has been faithfully discharged.

VALUE OF ADVERTISING.—One of the good substantial citizens of the county called at this office a few days since, and seeing the advertisements as they appear in forms, remarked: "A few years ago I never pretended to read an advertisement but now, I never start to a store that I do not first look at the paper to see if I can find the article advertised, which I want and where I can get it the cheapest." This man has learned the value of advertising to the buyer as well as the dealer.

There are quite a number of conflicting reports as to changes which the railroad company will make at Livingston. Some say that the whole of Livingston will be taken to Corbin, some one thing and some another. The truth of the matter is no one knows what will be done, save the officials and these flying rumors don't amount to a snap of the finger, for they are usually given out by some one who does not know a thing about it. When Livingston is moved, then it will be time to talk.

The Rev. John Timothy Stone, pastor of the Brown Memorial church, Baltimore, will preach at the Presbyterian church at this place next Wednesday evening at 7 o'clock. Rev. Stone is one of the most learned and eloquent of all the Presbyterian ministers, and those who fail to hear him on this occasion, will miss a rare treat. Through the influence of Dr. D. McDonald Rev. Stone and his congregation have become interested in the educational work at this place and his visit to Mt. Vernon at this time is to take some steps towards building an industrial department in connection with the school.

The State Board of Equalization convened at Frankfort last Tuesday. Organization was effected by the election of M. J. Meagher, of Frankfort, Chairman; J. L. Newman, Chief Secretary, and P. G. Phillips, of Elizabethtown, and G. L. Willis, of Shelbyville, Assistant Secretaries. These expert accountants will at once proceed to compare the transcripts furnished from each county preparatory for action of the Board. There are yet fifty county assessor's books not received by the Auditor, and all about fifteen Clerks of the State subject to indictment and fine for failure to send in the transcripts as the law requires.

THE LOGS AT FORD.

The past week has made exciting times on the river. During the cold spell 200,000 logs were jammed in front of Irvine, stretching eight miles up and down the river. With the thaw they began move down, while the lumber plants attempted to guide their movement. In this they were quite successful and now the great masses lie safely harbored in the booms at Ford, Valley View and other points. This is how the work was done: The head of the log jam was nearly fifty miles above Ford. Gasoline boats were put in commission; about 300 experienced rivermen were employed. The breaking crews went ahead of the boats. Some carried axes and cut holes in the ice. Others carried poles to the tips of which were attached four-ounce phials nearly filled with powder, fitted with fuse and sealed. The man with the pole lights the fuse and thrusts the charge into the water under the ice. A dull explosion follows; there is a slight upheaval, the ice breaks away in great sheets and floats down the river. The boats, puffing and straining through the ice, followed the breakers, and in that manner the work went steadily on day and night.

The Burt & Brabb Company alone used over 175 kegs of powder, about 20,000 four-ounce phials and over thirty miles of fuse. In the mass were about 30,000 logs belonging to the Swan-Day Company, of Beattyville; the Burt & Brabb Company have about 75,000 logs; the Ford Lumber Company about 30,000; about 10,000 logs have no marks, and about 50,000 belong to Valley View.—Winchester Sun-Sentinel.

1904—Elected vice president of the United States.

Theodore Roosevelt and Charles W. Fairbanks were inaugurated in Washington Saturday as President and Vice President of the United States. The inauguration ceremonies proper were brief and impressive and the inaugural parade exceeded all previous parades in point of numbers and in unique attractions. It is estimated that 200,000 visitors were attracted to Washington. The line of march was more artistically decorated than ever before. No street in the city was without flags. Palms were a feature of the decorations and along each side of Pennsylvania avenue were noted historical figures in great numbers from the St. Louis Exposition. * * *

The inauguration of Vice-President Fairbanks took place in the Senate chamber shortly after noon and was of two minutes' duration. Mr. Fairbanks delivered a very brief address and entered upon the discharge of his duties, the new Senate being immediately organized. * * *

President Roosevelt took the oath of office at the east front of the Capitol in the presence of a vast crowd. The oath was administered by Chief Justice Fuller. There was practically no demonstration at its close and the President entered at once upon his inaugural address, the delivery of which occupied only a few minutes. * * *

The President made a running comment to those around him as the parade passed the reviewing stand. It was in characteristic vein. When the band played "Garry Owen" he pronounced it a "bully fighting tune." When the Filipinos passed he facetiously remarked: "The wretched serfs seem happy in their chains." "Ah, there's Custer's old bold regiment, the finest in the service," he cried, as the Seventh Cavalry swept by. A "bunch" of cowboys, proved to be the President's personal friends and shouted greetings to him as they rode past. A band that played "There'll be a Hot Time" set him swaying in his chair. * * *

The festivities of the day closed with the inaugural ball at the Pension building and a display of fireworks. A feature of the inaugural ball was the presence of a trained orchestra of 500 voices. The exhibition of fireworks was the most elaborate ever seen at the National Capitol.

INCREDIBLE BRUTALITY.

It would have been incredible brutality if Chas. F. Lemberger, of Syracuse N. Y., had not done the best he could for his suffering son. "My boy," he says, "cut a fearful gash over his eye, so I applied Bucklen's Arnica Salve, which quickly healed it and saved his eye." Good for burns and ulcers too. Only 25c at all druggists.

[All farms etc., advertised under this head, will be advertised and sold on a per cent, and if no sale is made, no cost for advertising.]

FARM No. 1.—This farm of 317 acres, located on Negro creek, near Brodhead, Ky., is one of the best farms in the county and will be sold at a bargain, the owner being unable to properly look after same, because of his health. The entire farm is under fence, 170 acres in cultivation, balance timbered, three houses on farm, good wells and springs, and plenty of good stock water. Also good orchard.

FARM No. 2.—Consists of 300 acres, which will be sold in two separate tracts if desired. This farm is located on the Mt. Vernon and Somerset road, near Level Green, Ky., and is located in the best farming section of the county. Well fenced, 175 acres in cultivation, balance timbered, well watered, one new two-story building and two tenant houses, convenient to school, church, store and postoffice and in one of the best communities in the county. A great bargain.

General Kuropatkin is giving ground before the armies of Japan, and Wednesday he abandoned positions south and southwest of Mukden, burning such of his supplies as he could not carry with him. The Japanese artillery is thundering at the gates of Mukden, which position the Russians still hold, but which they are admittedly prepared to evacuate, changing their base to Tie Pass, which is forty miles north of Mukden. What the Japanese may have in store for the defeated army on its retirement northward remains to be disclosed. There are reports that Gen. Rennenkampf has been cut off on the east from the main force, the Japanese troops in considerable numbers are said to be already in the vicinity of Tie Pass. Neither commanders nor correspondents have yet ventured to estimate the number killed or wounded in the eleven days' fighting. The Russian casualties in the fighting Tuesday on the left flank are said to have been fully 7,000.

Chief Engineer Breed has nearly completed plans for a big sewer to drain South Louisville. It will be five miles long and the estimated cost is about \$1,500,000.

A DESTRUCTIVE FIRE.

To draw the fire out of a burn, or heal a cut without leaving a scar, use DeWitt's Witch Hazel Salve. A specific for piles. Get the genuine. J. L. Tucker, editor of the Harmonizer, Centre, Ala., writes: "I have used DeWitt's Witch Hazel Salve in my family for piles, cuts and burns. It is the best salve on the market. Every family should keep it on hand." Sold by Mt. Vernon Drug Co.

New York rapid transit rolling stock is to be augmented by two cars, each 8,000 feet long, containing 2,700 seats, and a seating capacity of 8,000 passengers, says a New York telegram to the Chicago Interior-Ocean. The motive power will be electricity and the speed from nine to twelve miles an hour.

There will be only two stops in twenty-four hours, one in the early morning and one at night.

These cars will take the form of a "moving platform" railroad, run under ground through thirty-fourth street from the East river to the North river.

The construction is in the hands of a company which made and operated similar roads at the Paris and Chicago world's fairs.

The moving platform is to all intents a regular railway, propelled by electricity. There are no stops, no interruption of traffic, and at all times an ample seating capacity. The continuous line of seats are placed a yard apart; each seat holds three persons, who sit facing in the direction the car is going. The car itself is run on a platform which rests above the set of wheels.

As the wheels are stationary and rubber-tired there is no noise nor jar. Next to this train platform there is another platform, also on wheels and traveling in the same direction at the rate of six miles an hour. Next to this second platform is a third, traveling at the rate of three miles an hour.

A passenger steps from the regular platform platform and reaches the three miles an hour platform, then from this to the second or six miles an hour platform.

From this, in like manner and with no inconvenience, he reaches the nine miles an hour platform and takes his seat. On reaching his station he alights by a similar process of diminishing speed.

The moving platform, its proprietors declare, can deliver 47,520 seated passengers per hour at any given point, whereas the subway has only a capacity of 28,080.

LAND, STOCK AND CROP

Boone county white corn was originated 29 years ago by James Riley, of Boone county, Ind. It has been improved year by year by selection until its type has become permanent. The highest authorities, including the corn expert of the Kentucky Agricultural Experiment Station, J. N. Harper, consider it the best variety of corn for this latitude. At the Kentucky Agricultural Experiment Station this year, it yielded more than any of the 20 varieties tested. It has taken more premiums than any other variety of corn.

The largest hog raised in this locality was killed last week by Mr. Josh Daniel, one of Garrard's most prominent farmers. The animal tipped the beam at 1000 pounds, and when skinned, the hide measured eight feet across the center. Another raised by Mr. Daniel, was one year old and weighed 700 lbs. Two June pigs pulled the beam at 19. These hogs were raised in a barn and every attention given them. They were "bedded" as carefully as a race horse, and this extra care goes to prove that special attention to hogs pays handsomely in the long run.—Lancaster Record.

The Lexington Herald notes the prices obtained at several public sales as follows: At the sale of Cliff Shropshire 10 yearling short-horn steers \$44 per head; 45 registered Short-horns, \$52 per head; 38 hogs averaged \$5.20 per 100 lbs.; brood sows from \$15 to \$30 per head; shoats, \$3 per head; horses, from \$75 to \$150 each; corn, \$2.10 per shock; fodder, 15 per shock. At the D. B. Muir sale the mules sold from \$125 to \$150; horses from \$75 to \$225; shoats weighing 240 pounds \$24 a head; corn in crib \$2.50 a barrel; fodder 20 cents a shock; fowls from \$4 to \$4.50 a dozen; yearling steers at \$26 a head; brood sows, \$14. At the sale of J. V. Berry corn brought \$2.25 in the crib; hay \$13.50 a ton; millet, \$6.50 a ton; mules sold from \$75 to \$120 a head; horses \$75 to \$205 a head; Jersey cows \$40 to \$95 a head; turkeys \$3 a head, and chickens, \$6 per dozen.

TEXAS FRUIT LANDS.

PRODUCE EARLY CROPS WHICH BRING FANCY PRICES.

In Texas they begin shipping berries in April, tomatoes in May, peaches in June, bringing fancy prices up North.

The growing season is much longer than in the North—a chance to make two or three crops, reducing the expense of "getting through" the winter.

Fruit and truck lands along the Cotton Belt Route are very cheap as yet—\$10 to \$15 an acre unimproved. When put to orchard or truck they can be made to yield \$100 to \$200 per acre and more.

Besides, it's an ideal climate—no long, cold winters. Write for booklet on fruit and truck growing. E. W. LA BEAUME, G. P. & T. A. Cotton Belt Route, St. Louis, Mo.
